DEFENSE CATEGORY

STOP HAIR LOSS BEFORE IT STARTS

The BosleyMD **Bos • Defense** product line is designed for those who would like to maintain their hair density and take a defensive action against future hair thinning and loss. Answering "yes" to the questions below will help you determine if **Bos • Defense** is right for your clients:

- Does your client have thin, fragile hair?
- Is your clients hair getting thinner over time but not noticeable loss?
- Does your client have a family history of hair loss or are you concerned about future thinning?
- Does your client simply want thicker, fuller-looking hair?

The Bos • Defense line includes Shampoos, Conditioners and Thickening Treatments designed to help fight against future hair loss and create thicker, fuller looking hair

BOS • DEFENSE COLOR SAFE NOURISHING SHAMPOO

TARGET
CONSUMER

- Women and Men looking to prevent hair loss
- Younger consumers
- Those looking for more volume

DESCRIPTION

Protect against thinning hair with sulfate-free Bos • Defense Nourishing Shampoo that removes build-up, such as DHT, from the scalp surface, while cleansing hair of product build-up and pollution. Maintains a clean environment for the appearance of thicker, fuller-looking hair.

BENEFITS

- Gently removes DHT, product build up and pollution
- Creates ideal scalp environment for hair growth
- Strengthens existing strands and helps retain moisture to prevent breakage

KEY
INGREDIENTS

- Panthenol helps strengthen existing hair and improve moisture retention
- Vegetable Proteins helps improve tensile strength
- Sea Kelp Extract, rich in vitamins, helps prevent breakage

BOS • DEFENSE COLOR SAFE VOLUMIZING CONDITIONER

10.1 oz

Liter

TARGET
CONSUMER

- Women and Men looking to prevent hair loss
- Younger consumers
- Those looking for more volume

DESCRIPTION

Protect against thinning hair with Bos • Defense Volumizing Conditioner which is a weightless, daily conditioner with DHT inhibitors that infuses body and shine without weighing the hair down. Hair appears fuller and nourished with more volume.

BENEFITS

- DHT inhibitors help promote healthy hair growth
- Reduces shedding
- Hair appears fuller and nourished with more volume
- Formulated and infused with a botanical blend to nourish and strengthen

KEY
INGREDIENTS

- Biotin helps strengthen the existing hair follicle
- Niacin helps revitalize hair to reduce hair shedding
- Panthenol helps strengthen existing hair and improve moisture retention

BOS • DEFENSE COLOR SAFE THICKENING TREATMENT

TARGET
CONSUMER

- Women and Men looking to prevent hair loss
- Younger consumers
- Those looking for more volume

DESCRIPTION

Protect against thinning hair with Bos • Defense Leave-In Thickening Treatment designed to help inhibit DHT with a lightweight, foaming, alcohol-free intensive treatment that may aid in rejuvenating the scalp and help support the growth of stronger, healthier hair. May assist in thickening hair, reconditioning fragile hair and providing instant volume.

BENEFITS

- Designed to help inhibit DHT on the scalp to promote healthy hair growth
- Alcohol-free scalp treatment with easy to use foam application
- Rejuvenates the scalp while creating instant volume at the root

KEY
INGREDIENTS

- Pumpkin Seed Extract is a natural DHT-blocking ingredient that helps promote healthy hair growth
- Apple Stem Cell Extract stimulates dormant hair follicles
- Panthenol helps strengthen existing hair and improve moisture retention

REVIVE CATEGORY

RESTORE VISIBLY THINNING HAIR

The BosleyMD **Bos • Revive** product line is specifically designed for those with visible hair loss that are looking to improve the overall condition of the hair and scalp. Answering "yes" to the questions below will help you determine if **Bos • Revive** is right for your clients:

- Has your client noticed their hair has become visibly thin?
- Have they experienced rapid hair loss and can see more scalp?
- Do they have areas of the scalp where hair is no longer growing?

The Bos • Revive line includes Shampoos, Conditioners and Thickening Treatments designed to block DHT – the leading contributor to hair loss – and help create thicker, fuller looking hair.
