

Leaf & Flower CBD Pro Volumizing Treatment is an alcohol-free professional in-salon service which lifts and locks in volume at the root making the hair **look and feel fuller instantly**, while improving the overall density of the hair.

L&F CBD PRO VOLUMIZING TREATMENT INSTRUCTIONS:

1. PREP

Thoroughly cleanse hair using **L&F Instant Volume Shampoo** (shampoo 2x if needed). Apply **L&F Instant Volume Conditioner** to ends ONLY and rinse thoroughly.

2. MEASURE

Dispense 1 oz (30ml) **Volumizing Treatment** into a clean color bowl.

3. APPLY

Use a color applicator brush to lightly dust product onto 1" sections of damp (not dripping) hair. Start at the root, using short strokes and move product down through ends.

4. BLOW DRY

Use a metal or ceramic round brush, over-directing each section as you blow dry using medium heat.

5. CURLING IRON

Section Size: 1.5" to 2"

Curling Iron Temp: **400°F** for fine hair

400°F to 450°F for dense/thick hair

- At the root, slide curling iron with open clamp, up and down 4-6 times.
- Next, start curling at the root. Open and close clamp while rotating curling iron, ensuring all hair in section is wrapped around barrel.
- Hold curling iron in section for 4-6 seconds. Make sure that the heat can be felt on the top of the barrel section.

6. FINISH

Style as desired.

MAINTENANCE:

We recommend clients use the **Leaf & Flower Volume Line** to prolong the service benefits between appointments.
