INTENSE
SHAMPOO

THE MOST POWERFUL COLOR DEPOSITING SHAMPOO EVER MADE!

WATERCOLORS INTENSE SHAMPOO has been developed with technology to provide the most intense deposit of the direct dye in a shampoo ever! Intense color and amazing condition is achieved by using complex direct dyes delivered by cationic conditioners allowing WC INTENSE to live in the 5.3-5.8 pH range. WC INTENSE eliminates Direct Dye customers' two main challenges - Fading and Commitment.

Prevent Color Fading with weekly use at home. No color commitment, WC INTENSE fades on tone and can be removed. Clients can change color frequently without harming the integrity of their hair. Color deposit can be controlled by the number of applications and time left on the hair.

- Keeps Direct Dye Color Services on Tone and Intense.
- 5.3-5.8 pH. Sulfate, Salts, Peroxide, Paraben, PPD & PTD Free.
- Intermixable with other Intense Shampoos, Watercolors Classic Shampoos, and Base Drops.
- Cationic Conditioners provides amazing condition.

This foam is different...

- No-rinse violet, conditioning treatment.
- Makes fine hair feel thicker.
- Coarse hair feels softer.
- Adds shine and control.
- Delivers a mega-dose of icy cool pigments to oust any brass tones.
- Free of sulfate, salts, peroxide, paraben, PPD & PTD.
- 4 pH

Before you use it, you need to shake the can well. Then, just dispense some into the palm of your hand and distribute evenly through damp hair. Dry and style as desired.
